PREFACE

The present volume has been brought out on the occasion of the 10th WORLD SANSKRIT CONFERENCE being organised jointly by the Ministry of Human Resource Development, Department of Education, Govt. of India, Rashtriya Sanskrit Sansthan and the Taralabalu Kendra under the auspices of International Association of Sanskrit Studies at Bangalore on Jan. 3-9, 1997. The theme of the Conference is the international interaction on the study and research in the various fields of Sanskrit learning.

In keeping with this objective, the Rashtriya Sanskrit Sansthan has decided to bring out two scholarly volumes on Sanskrit Studies in India and outside India. I have great pleasure to present this volume of SANSKRIT STUDIES OUTSIDE INDIA (Part I) to our esteemed readers. The book contains status reports on the Sanskrit Studies being undertaken in different countries outside India. This information would be very useful for researchers and all those who are interested in Sanskrit studies.

We are highly grateful to the members of the Advisory Editorial Board especially the Chairman, Dr. K.P.A. Menon, Dr. T.S. Rukmani, and other expert members who have taken keen interest in editing the articles written by different scholars and giving the book the present shape. My sincere
